OFFICE OF THE SECRETARY, BOSTON, Feb. 1, 1907.

To the Honorable Senate
and the House of Representatives.

I have the honor to submit herewith, in compliance with section 265, chapter 11 of the Revised Laws, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for a State office at the last annual State election, arranged by cities, towns and districts.

SUGGESTIONS AND RECOMMENDATIONS.

In compliance with that portion of the law quoted above which refers to other matters relating to elections and to suggestions thereon, I submit the following:—

First. At the last State election a question was raised as to the proper construction of the word “convention,” as used in section 136 of the election act. My interpretation of the word in the case of a convention certificate of nomination of a candidate for Representative in the General Court (to the effect that a convention must consist of representatives of more than one political unit) was disputed by the nominee, and the question was taken successively to the State Ballot Law Commission and to a justice of the Supreme Judicial Court, by whom the Secretary’s view was sustained. I suggest that the definition fixed in this case be incorporated in the statute.

Second. By section 4, chapter 444 of the Acts of 1906, the number of signatures required on nomination papers was increased from one to two for every one hundred votes cast for Governor at the preceding State election. This increased the number required

to nominate a candidate for Register of Deeds in Suffolk County to 1,760, or 760 more than the number required to nominate a candidate for Governor of the Commonwealth. This effect was apparently not intended, and I therefore suggest that the law be amended so that no more signatures shall be required for any district nomination than are required for a nomination at large.

Third. I renew the recommendation which was made in this report for the year 1902, that the use of the name of a political party in the designation of a candidate running on nomination papers be prohibited. The law now permits such a person to use the name of any political party, even though he has never been affiliated with it; and it is a notorious fact that candidates are nominated under the political designation of Republican or Democratic, for example, whose papers are signed almost exclusively by members of hostile parties. The law is, in short, so perverted by misleading and unfair practices that it should be repealed.

Fourth. I recommend that section 146 of the election act be amended by striking out the provision which requires that the words "nomination paper" or "nom. paper" shall be added to the political designation on a nomination paper. It is obviously unnecessary and superfluous.

Fifth. The similarity in the designations of the offices of Representative in Congress and Representative in the General Court causes a risk of error in making up the ballot, which should be avoided if possible. Some discretion is necessarily exercised by the Secretary in the matter of arrangement and designations. For example, the titles of Secretary of the Commonwealth, Treasurer and Receiver-General and Auditor of Accounts are abbreviated to Secretary, Treasurer and Auditor. It is desirable, in my opinion, to change the title of the office of Representative in Congress to Congressman, in preparing the official ballot; but lest a question may arise as to the authority of the Secretary to make such change, I recommend an amendment to the law permitting him so to do.

Sixth. I recommend an amendment to section 204 of the election act so as to require the registrars of voters to post the specimen ballots furnished by the Secretary of the Commonwealth in "not less than three," instead of "one or more" public places. I also recommend such an amendment of the law as will prevent the premature and unauthorized delivery of the specimen ballots sent to

city and town clerks for use at the polling places, and provide for the care of specimen ballots not posted at the polls.

Seventh. Section 226 of chapter 11 authorizes city and town clerks to provide stamps of a certain design for marking ballots at caucuses and elections. The section further provides that when stamps are provided ballots not so marked shall not be counted. At the time of the passage of the act in 1896 a stamp was exhibited, but was found to be impracticable. No other stamp of the required design has been exhibited at this office, and I know of no instance where the provisions have been applied; and, as the law imposes what seems to me an unnecessary restriction on the voter, I renew my recommendation made in the year 1900 for its repeal.

VOTING MACHINES.

During the year the Board of Voting Machine Examiners has examined and approved the Dean Ballot Machine, submitted by the Dean Ballot Machine Company of Minneapolis, Minn., and copies of the report of the Board approving the machine were sent by the Secretary of the Commonwealth to each city and town.

Two of these machines were purchased by the city of Boston and used therein at the city election in 1906.

Twelve additional Triumph Voting Machines, making fourteen in all, were purchased by the city of Pittsfield and used therein at the last State and city elections.

CORRUPT PRACTICES.

Under the provisions of chapter 11, Revised Laws, as amended by chapters 375 and 380, Acts of 1904, there were received from candidates for nomination a total of 605 returns, of which 12 were premature, 238 were late, 18 were irregular, 24 were both late and irregular and 6 both premature and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of law, was 298.

There were 462 returns of no payments, 101 payments to political committees, 41 payments other than to political committees and 1 not specified.

There were received from candidates for election a total of 575 returns, of which 6 were premature, 222 were late, 39 were irregular, 34 both late and irregular and 1 both premature and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of the law, was 302.

There were 266 returns of no payments, 249 payments to political committees, 57 payments other than to political committees and 3 not specified.

There were also received from treasurers of political committees 219 returns, and 80 certificates stating that the aggregate receipts and disbursements did not exceed twenty dollars. Forty-three of the returns and 8 of the certificates were transmitted to the Attorney-General as apparently in violation of law.

Respectfully submitted,

WM. M. OLIN,
Secretary.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows:—

First. The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

OFFICE OF THE SECRETARY, BOSTON, March 13, 1908.

To the Honorable Senate

and the House of Representatives.

I have the honor to submit herewith, in compliance with section 298, chapter 560, Acts of 1907, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for a State office at the last annual State election, arranged by cities, towns and districts.

SUGGESTIONS AND RECOMMENDATIONS.

In compliance with that portion of the law quoted above which refers to other matters relating to elections and to suggestions thereon, I submit the following:—

1. In 1903 and again in 1904 and 1907 I commended to the consideration of the General Court the question of prohibiting the use of the name of a political party in the designation of a candidate nominated by nomination papers; but the law remains unchanged, and to-day any candidate may use on his nomination papers the name of a political party with which he has never affiliated. More than this, being a recognized member of one political party he may so use the designation of an opposing party. A case in point occurred at the last State election, a paper being filed in this office placing in nomination as a "Republican Independent" a man who was the regular Democratic nominee and also chairman of a Democratic town committee. A political designation is, in one sense, the flag under which a party fights, and it is questionable whether the use of such a flag in a po-

litical battle except by the army to which it belongs is within the pale of honorable warfare. I renew my previous recommendation on this point, and venture to urge that, at least, members of one political party may be forbidden to use the designation of an opposing party.

2. This office is continually appealed to by city and town officials charged with the administration of the election laws for opinions on various questions the determination of which appears to rest nowhere short of an appeal to the courts. The State, city and town ballot law commissions have jurisdiction only after nominations have been made and objections thereto filed. There is no tribunal to which to refer innumerable preliminary questions which arise every year, especially as to town elections, and which demand immediate consideration in order to avoid errors in procedure. Uniformity of interpretation and practice is manifestly of prime importance. It is equally manifest that it cannot be found under the present law. The most practicable method appears to be such an extension of the powers of the State Ballot Law Commission as will enable it to act in an advisory, if not in an authoritative, capacity upon all questions requiring determination, — without, however, disturbing the present status relative to objections to nominations, which should, of course, be heard and determined in city and town elections by the local commissions.

3. Note should be made in this place of the opinion of the Supreme Judicial Court in the case of *Nichols v. Minton et al.*, declaring the statute authorizing the use of voting machines in this Commonwealth unconstitutional.

CORRUPT PRACTICES.

Under the provisions of chapter 560, Acts of 1907, there were received from candidates for nomination a total of 621 returns, of which 66 were premature, 57 were late, 37 were irregular, 8 were both late and irregular and 11 both premature and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of law, was 179.

There were 470 returns of no payments, 88 payments to political committees, 41 payments other than to political committees and 1 not specified.

There were received from candidates for election a total of 520 returns, of which 3 were premature, 211 were late, 14 were irregular, and 24 both late and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of the law, was 252.

There were 232 returns of no payments, 236 payments to political committees, and 52 payments other than to political committees.

There were also received from treasurers of political committees 206 returns, and 166 certificates stating that the aggregate receipts and disbursements did not exceed twenty dollars. Fifty-nine of the returns and 27 of the certificates were transmitted to the Attorney-General as apparently in violation of law.

Respectfully submitted,

WM. M. OLIN,

Secretary.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows: —

First. The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

STATE HOUSE, BOSTON.

The Commonwealth of Massachusetts.

OFFICE OF THE SECRETARY, BOSTON, Feb. 26, 1910.

*To the Honorable Senate
and the House of Representatives.*

I have the honor to submit herewith, in compliance with section 298, chapter 560, Acts of 1907, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for a State office at the last annual State election, arranged by cities, towns and districts.

CORRUPT PRACTICES.

Under the provisions of chapter 560, Acts of 1907, there were received from candidates for nomination a total of 570 returns, of which 18 were premature, 146 were late, 28 were irregular, 10 were both late and irregular and 3 both premature and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of law, was 205.

There were 453 returns of no payments, 81 payments to political committees, and 36 payments other than to political committees.

There were received from candidates for election a total of 433 returns, of which 1 was premature, 208 were late, 15 were irregular, and 20 both late and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of the law, was 244.

There were 185 returns of no payments, 211 payments to political committees, and 37 payments other than to political committees.

There were also received from treasurers of political committees 248 returns, and 204 certificates stating that the aggregate receipts and disbursements did not exceed twenty dollars. Seventy-eight of the returns and 26 of the certificates were transmitted to the Attorney-General as apparently in violation of law.

Respectfully submitted,

WM. M. OLIN,
Secretary.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows: —

First. The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

COMPILED IN THE OFFICE OF THE
SECRETARY OF THE COMMONWEALTH.

BOSTON:
WRIGHT & POTTER PRINTING CO., STATE PRINTERS,
18 POST OFFICE SQUARE.
1911.

The Commonwealth of Massachusetts.

OFFICE OF THE SECRETARY, BOSTON, FEB. 13, 1911.

To the Honorable Senate

and the House of Representatives.

I have the honor to submit herewith, in compliance with section 298, chapter 560, Acts of 1907, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for a State office at the last annual State election, arranged by cities, towns and districts.

In further compliance with the law above quoted, I call attention to the fact that although an amendment to the Constitution authorizing the use of voting machines at all elections was agreed to, in accordance with the requirements of Article IX. of the Amendments to the Constitution, by the General Court of 1909 and the General Court of 1910, no resolve for the submission of that amendment was passed by the General Court of 1910; in consequence of which (and as advised by the Attorney-General) I did not cause the question to be placed upon the official ballot at the last State election. In his letter of advice to this office the Attorney-General refers to Article IX. of the Amendments to the Constitution, which reads, in part, as follows:—

if, in the general court next chosen as aforesaid, such proposed amendment shall be agreed to by a majority of the senators and two-thirds of the members of the house of representatives present and voting thereon, then it shall be the duty of the general court to submit such proposed amendment to the people.

He adds, "If the General Court has not passed the necessary resolve, you should not put the question on the ballot." In view of the specific direction of the Constitution that the General Court shall submit proposed amendments to the people, and of the opinion of the Attorney-General that the Secretary of the Commonwealth has no authority to place the question on the official ballot until the General Court has passed a resolve directing him so to do, I suggest that appropriate action be taken at the present session.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW.

Under the provisions of chapter 560, Acts of 1907, there were received from candidates for nomination a total of 664 returns, of which 26 were premature, 133 were late, 29 were irregular, 7 were both late and irregular, and 3 both premature and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of law, was 198.

There were 502 returns of no payments, 93 payments to political committees, 54 payments other than to political committees, and 15 payments both to political committees and other than political committees.

There were received from candidates for election a total of 579 returns, of which 1 was premature, 190 were late, 20 were irregular, and 26 both late and irregular.

The number of returns transmitted to the Attorney-General, as apparently in violation of the law, was 237.

There were 257 returns of no payments, 212 payments to political committees, 67 payments other than to political committees, and 43 payments both to political committees and other than political committees.

Total expenditures for nominations as shown by returns, . . .	\$43,485 94
Total expenditures for elections as shown by returns, . . .	116,423 92
Grand total,	\$159,909 86

There were also received from the treasurers of political committees 314 returns, and 179 certificates stating that the aggregate receipts and disbursements did not exceed twenty dollars. Ninety-four of the returns and 19 of the certificates were transmitted to the Attorney-General as apparently in violation of law.

The total receipts were	\$198,785 64 ¹
The total expenditures or disbursements,	191,027 48 ¹
The total balance unexpended,	9,031 83
The total liabilities,	16,116 92
The total amounts promised, but not paid,	141 00

Respectfully submitted,

WM. M. OLIN,
Secretary.

¹ The total amount returned by committees as receipts was \$234,671.61, and as disbursements \$226,913.45. Of these amounts, \$35,885.97 was returned both as receipts and disbursements by more than one committee.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows:—

First. The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
